Problem statement   <u>Send feedback</u>

You are given an integer *'n'*.

Print "Coding Ninjas " 'n' times, without using a loop.

Example:

```
Input: 'n'  = 4

Output:
Coding Ninjas Coding Ninjas Coding Ninjas Coding Ninjas

Explanation: "Coding Ninjas" is printed 4 times.
```

Detailed explanation (Input/output format, Notes, Images)

Sample Input 1:

```
3
```

Sample Output 1:

```
Coding Ninjas Coding Ninjas Coding Ninjas
```

Explanation of sample output 1:

```
"Coding Ninjas" is printed 3 times.
```

Sample Input 2:

```
5
```

Sample Output 2:

```
Coding Ninjas Coding Ninjas Coding Ninjas Coding Ninjas Coding Ninjas
```

Expected Time Complexity:

```
Try to solve this in O(n).
```

Expected Space Complexity:

```
Try to solve this in O(n).
```

Constraints:

```
1 <= 'n' <= 10^4

Time Limit: 1 sec
```
